

Stem extension for S83/S55 ball valve DN08-50

X

Stainless steel CF8 / AISI304
For 50mm or 100mm insulation

- **General**

Simple reliable stem extension fully casted in stainless steel for Mars 3-pcs ball valves series 83 and series 55. Available in 50mm and 100mm height. Built-in stop for 0 and 90°.

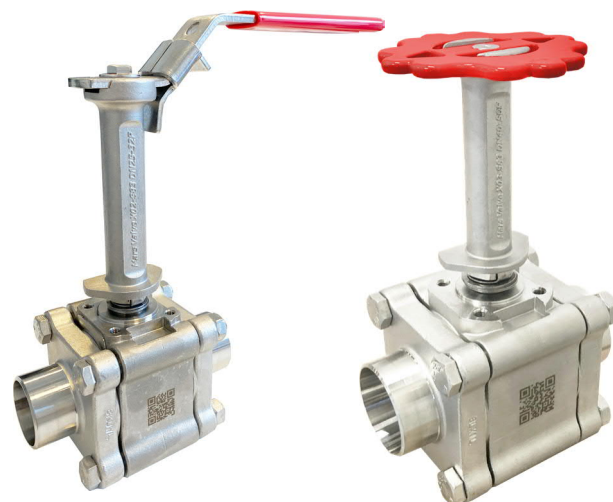

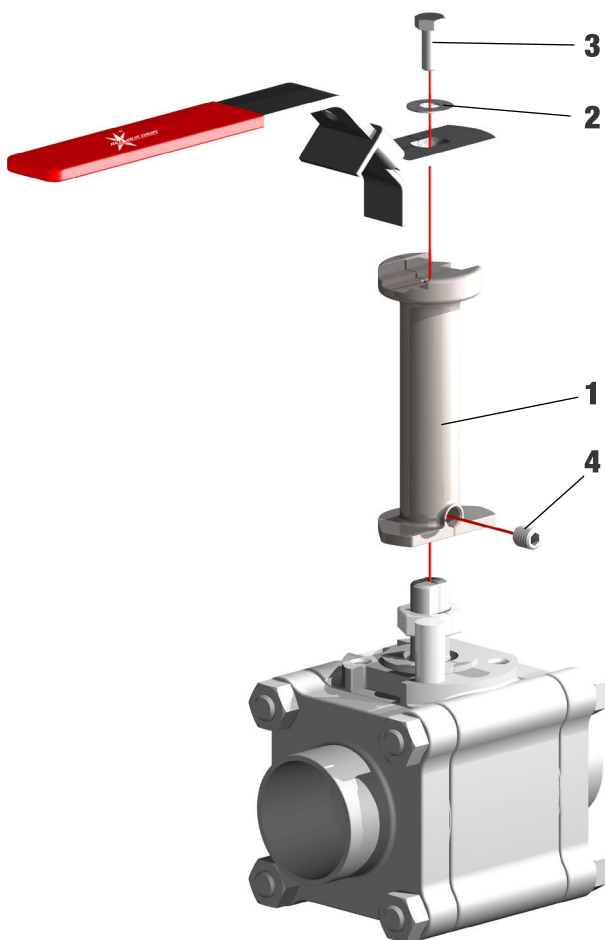

- **Field of application**

For insulating purpose of hand operated ball valves.

- **Dimensions**

X01a (50mm): S83 DN08-20F DD6.5
X01 (100mm): S83 DN08-20F DD6.5
X02a (50mm): S83 DN25-32F DD8.0
X02 (100mm): S83 DN25-32F DD8.0
X03a (50mm): S83 DN40-50F DD9.7
X03 (100mm): S83 DN40-50F DD9.7

- **Parts description**

- **Materials**

Pos	Description	Material
1	Stem extension	Stainless steel CF8
2	Washer	Stainless steel A2
3	Bolt	Stainless steel A2
4	Socket screw	Stainless steel A2

- **Accessories**

-Safety handle Ø95mm DN08-50F (fits all stem extensions).

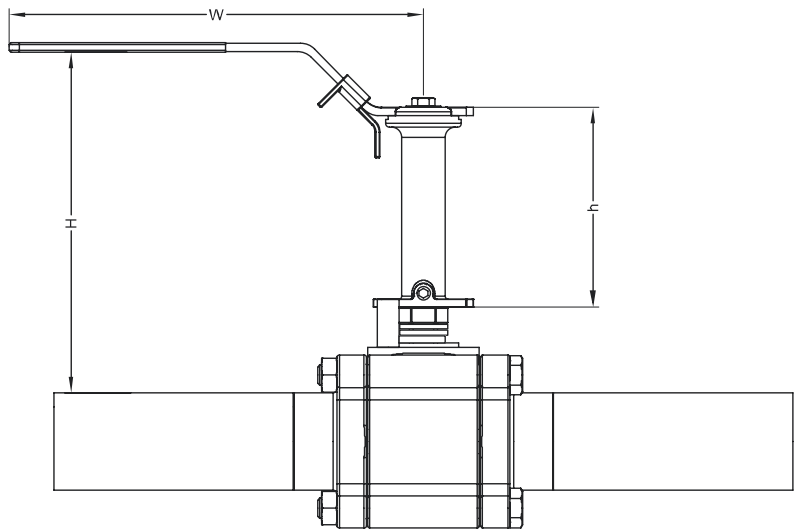

Prevents unintended operation of the ball valve.
Safety handle are made from stainless steel with epoxy coating.
Safety handle can be operated without T-bar handle up to DN20F.

T-bar handle in stainless for size DN25-DN50
